

Green Procurement Policy

Our Company is committed to sustainable growth and in alignment to our Sustainable Sourcing Policy, we have incorporated environmental considerations in procurement decisions related to purchase of products and office related products to minimize the environmental impact across the lifecycle of the products and services which we procure. Towards our commitment for sustainable growth, our company ranks environmental sustainability as one of its top priorities and is committed in following responsible business practices by contributing to environmental protection and enhancing people performance by green procurement while ensuring business growth for its supply chain. In line with our company sustainability objectives, the key pillars of our green procurement policy comprise of reduce use of toxic substances, conservation of natural resources, minimizing waste generation & release of pollutants/emissions and maximizing reusability and recyclability across the value chain of the products.

This policy shall apply to all supply chain partners and shall impact all purchases and procurement for the organization.

ICON Modular India Pvt. Ltd. shall engage with our supply chain partners and shall include the following considerations into procurement decisions:

- Compliance to all relevant national/international/local/ regulatory compliance requirements
- Encouraging suppliers to deliver products/services with minimal negative impact on environment and adopt safe practices in the cycle from production to delivery
- Prefer products that are eco-friendly, energy efficient and less polluting
- Disposing goods to authorized agencies/recyclers in environmentally friendly manner
- Using products that are water efficient and reduce water usage
- Procure less toxic products and chemicals to reduce health effects
- Utilizing clean technology and/or clean fuels
- Monitoring, evaluating sustainability performance and identifying improvement opportunities
- Reducing environmental footprints by means of material, energy & water conservation
- Encouraging logistics optimization, local buying and using Circular economy principles for waste management using 4 R (Reduce, Recover, Recycle & Reuse)
- Promoting sustainability awareness and green work culture among associates to reduce emissions
- Enhancing sustainability within their own supply chain
- Procuring recycled/part-recycled products to optimize resource consumption
- Procuring energy-efficient equipment by defining specifications in tender & contracts
- Extended producer responsibility with "take back" program.

ICON Modular India Pvt. Ltd. is committed to work with its supplier to inculcate ICON Modular India Pvt. Ltd. Green Procurement culture across its supply chain.

All end-users and department of ICON Modular India Pvt. Ltd. responsible for purchasing of products and services for ICON Modular India Pvt. Ltd. shall adhere to this policy to the best possible extent and make conscious efforts toward procuring green products considering their potential impact on people and the planet
